Tradition and Innovation from 1979

Since 1979, Casa Rinaldi produces, selects and distributes the best Italian condiments and groceries. Pasta, rice, canned vegetables, sauces: thanks to our long expertise in the industry, we have put together a perfect product catalog.
We have opened two production sites, four oversea subsidiaries and some specialized departments – like Biotuscany, our organic food division, and Tuscany, where we manufacture private label oils, vinegars and condiments, with a special attention to flavored oils.
